Agreement

STABILISING THE SITUATION

AMSTERDAM, Apr. 7 (Reuter)-The Anglo-Dutch trade agreement is regarded here as a measure for stabilising the existing situation. The arrangement is being put into force by two Royal decrees,

The first decree names the various goods, import of which is forbidden unless a licence is obtained from the Central Dutch Importing Agency, through whic's the goods must be ordered.

" NO DELAY Importers will be guaranteed that all goods accompanied by this licence will pass British Contraband Control without delay.

NO EXPORTS

The second decree deals with exports. For a number of goods including mainly goods which are usually carried by sea, no permits will given for export to any belligerent. For a great number goods, exports to belligerents will be possible, though a limi applicable to all belligerents will be imposed.

'KEEP OUT OF WAR' RESOLUTION IN U.S.

WASHINGTON Apr. 7 (Reuter). -The United States Socialist Party annual convention overwhelmingly adopted a "keep out of the war" resolution vigorously condemning any form of American assistance to either side in the European hostilities.

The resolution was adopted in the face of a protest from the Minority Group which though equally determined to keep the United States at peace, felt that a distinction should be drawn between favouring the Allies as against Hitler and Stalin.

SOLID BASE FOR PEACE

The Secretary of State Mr. Cordell Hull declared the object of the measure was to create a solid foundation for peace after the

Picked Up By Trawler In Time"

LONDON, Apr. 7 (Reuter)-The pilot of the first Spitfire brought down in defending the British Coasts, after three days in hospital, told the story last night of how he was trapped in a rapidly sinking machine. He stated that he attacked a Heinkel 12 miles from the Yorkshire coast, saw it crash on to the water and the crew picked up by a trawler. He then reported by radio-telephone that his own plane was on fire.

"I reported that I was landed. I stalled on the water at 65 m.p.h. with a loud crash and the aircraft immediately dug its nose and came to a vertical position tail up, and sank immediately.

THE MAP THAT GERMAN PROPAGANDISTS DREW

PARIS. April 6 (Reuter)—The famous "map affair" was cleared up yesterday when a group of French and foreign newspapermen isited the Premier's Office and saw several maps hanging there, as in an statesman's office.

The map which aroused all the fuss (Nazi propaganda saying it depicted the new frontiers of Europe drawn up by the Allies) merely draws a comparison between political boundaries before the anschluss with Austria when Hitler started to carve up Europe, and the joint partition of Poland by the Nazis and the Soviet.

In order better to show German and Soviet annexations, the new delimitation of borders was superimposed on a map drawn prior to March, 1938.
